# Sweet Dreams for your skin!

## **Night Restore & Recover Complex \$40**

*Apply in the evening, after TimeWise® Night Solution and before TimeWise® Age-Fighting Moisturizer*

How It Works:

TimeWise® Night Restore & Recover Complex contains 5 key ingredients that give your skin what it needs when it needs it the most.

**It activates collagen production.\*** TimeWise® Night Restore & Recover Complex is formulated with palmitoyl tetrapeptide-7, an ingredient known to be critical in activating collagen production and in controlling the activity of damage signals in the skin.\*

**It targets the skin matrix.\*** The skin dermal matrix, whose primary component is collagen, is the mesh-like framework that holds the skin together. The weaker the dermal matrix, the older a person is likely to look. Since palmitoyl tetrapeptide-7 is an ingredient known to be critical in the production of collagen\*, it's an important ingredient in skin care products that are formulated to fight the visible signs of aging.

**It restores the skin barrier.\*** A healthy barrier, critical to skin health, is predominantly made up of lipids, whose function can be supported by certain ingredients. Lipid-rich pomegranate sterol can potentially help strengthen and stabilize the skin barrier. Cell turnover also is a critical element to turnover.\*

**It helps skin recover from daily damage.** Every day, skin is exposed to free radicals caused by UV exposure, causing lasting damage that can build momentum if left unchecked. Cotton Seed Extract is known to boost skin recovery and reduce the effects of daily damage.\* Palmitoyl tetrapeptide-7 is known to quiet the messaging signals so less damage gets through to cells in the first place.\* And Acai Berry Extract helps replenish antioxidants lost during the day. Unless those reserves are replenished at night, the cumulative effect adds up until signs of aging become visible.
